

Let the hunt begin!

Join us for a scavenger hunt families can participate in from the comfort of their vehicles! Numbered eggs (see example below) will be located on business fronts, municipal buildings, and parks throughout the city in spots that are visible for you to see without getting out of your car. The eggs have been kept within the borders of Meridian Dr, McKellips Rd, Mountain View Rd, and

Baseline Rd. **There are 30 eggs in total.** Use the worksheet provided with numbered eggs to write down the location of the eggs you have found. You will have Thursday, 4/1 through Sunday, 4/4 to search for these eggs and the results will be posted on Monday, 4/5. Happy hunting!
